• All Cosmos Sync Art Stainless Steel sinks are 304 Stainless Steel, UPC Coded and Corrosion Resistant.
• With a tensile strength of up to 250,000 PSI, 304 stainless steel is used for making aircraft, architectural support and railroads.
• Cosmos sinks bear a Universal Product Code verifying each and every sink is quality inspected for the highest caliber materials, quality and craftsmanship.
• Cosmos’ sinks has the highest stainless steel corrosion resistance.
• For everyday cleaning of stainless steel sinks, use a soft washcloth and warm water. Wipe the sink in the direction of the polish marks or the fine lines in the sink. Use another soft, dry towel such as a dishcloth to dry the surface of the sink.
